

## 2022 School Board Candidates

*Jennifer Tsang is the mom of Sophia, a very happy kindergartner at SWS, and the wife of Timothy Tsang. Due to her appreciation for and background in education, she is interested in joining the SWS School Board, as she hopes to help instill a lifelong love for learning in a faith-filled environment for all SWS students. Jennifer holds a Bachelor of Science degree in Physical Education Teaching and Exercise Science. Additionally, she holds a Doctorate of Physical Therapy degree and is an NYS Licensed Physical Therapist. Jennifer personally feels fortunate to have the time to spend to help keep our school the vibrant learning community that it is.*

*In addition to being a full-time Mom, Jennifer is the owner of Jennifer Auleta Physical Therapy, providing in-home physical therapy to patients who cannot leave their homes. She is also the Chief Operating Officer of Precision Sports Physical Therapy in Woodbury, managing the administrative and billing operations of the dynamic outpatient orthopedic and pediatric physical therapy clinic. The flexibility of these roles has thankfully allowed Jennifer to be very active in volunteering at St. William the Abbot School, helping to achieve the goal of being profoundly involved in her daughter's educational journey. As a result, Jennifer has had the opportunity to meet and work with a variety of SWS families from all grades, feeling quickly welcomed into the SWS community. Jennifer is also the Class Mom for K-2 and has built positive and meaningful relationships with all the K-2 families. In addition, Jennifer serves on the Board of Trustees for the North Bellmore Public Library, helping to meet the ever-changing needs and demands of her community. She also coaches gymnastics at BK Gymnastics Center and assists with her daughter's Girl Scout troop. During her free time, Jennifer enjoys all sorts of adventures with her family such as boating, skiing, hiking, bike riding, traveling, swimming, snowmobiling, and of course the occasional popcorn and movie night.*

*Jennifer would be an asset to the SWS School Board from both a business and educational standpoint due to her unique and eclectic background. As a business owner and operator, her strong financial and managerial background will help our school to grow with continued success. As a parent with a strong educational background and great regard for the importance of quality education, she has a personal interest in preserving and improving the excellence of SWS education for all our students and faculty.*

*My name is Emily Ambizas and I am running for a position on the St. William the Abbot's School Board. Since moving to Seaford in 2003, my husband and I have been active members of the St. William the Abbot Parish. Catholic education has always been a central part of my life, from grammar school through my graduate education at St. John's University. My dedication to Catholic education has continued into my professional career as I have served as an Associate Clinical Professor of Pharmacy Practice at St. John's University since 2003.*

*I am currently on the school board and serve as the secretary. I am actively involved with the school. I have been a class mom, a Girl Scout Leader, and have served as a member of the Planning and Publicity Committee. My husband and I also volunteer for many school and parish activities.*

*I believe that a strong education rooted in the Catholic faith is an essential component in the development of children into becoming mature, ethical, value-driven adults who will be able to serve as our future leaders in the community. This is why we have chosen to enroll our daughters in St. William. My oldest has moved on to high school, continuing with her catholic education at Sacred Heart Academy. My youngest will be in eighth grade this coming September. I would love for the opportunity to continue to serve our community and to be a part of the spiritual and academic growth of St. William the Abbot School. In my capacity as a faculty member at St. John's University, I have served on various department, college, and university committees which afforded me the opportunity to be involved in curricular development for various programs as well as programmatic assessment. I feel my experience along with my dedication to St. William will continue to be a great benefit to the Board.*

*Thank you for your consideration.*

*My name is Jamey Cronemeyer, I am the proud mother of three children Mikayla (6th grade), Matthew (4th), and Jack (1st) and wife to Daniel Cronemeyer (NYPD ESU). I am a retired NYPD officer having worked in Midtown South Precinct, Deputy Commissioner of Operations, and the Warrants Division. I have first hand experience, training, and certifications in areas such as traumatic response, FEMA, COBRA, OSHA, active shooter and more. I have a Bachelors of Science in Criminal Justice and a Bachelors of Arts in Sociology and Anthropology from Roger Williams University. I am an alumni of St. William the Abbot School and Holy Trinity Diocesan High School. I am better known as one of the "Miller Twins." My family and I have been active volunteers and members of the parish since my childhood, I was even one of the first female alter servers to ever serve mass in our parish. I am a dedicated advocate and supporter for children, parents, and Catholic school education. It would be an honor to have traveled "full circle" and return to serve St. William the Abbot, a school close to my heart.*

*My name is Dr. Shelley Borgia. Thank you for your consideration in running to be a member of the school board. I have had the pleasure of being a part of this community for 9 years. My oldest daughter, Brooke, graduated this year! My younger daughters, Blake and Brianna, are entering 2nd and 7th grade. Every special occasion that took place from pre-kindergarten through 8th grade will always be with our family. Our school board has helped shape this*

*incredible school by working alongside dedicated faculty. I always look forward to seeing everyone weekly when I volunteer for lunch duty and events. I spend the other days of the week operating NYC Hearing Associates, PLLC and seeing patients who need hearing healthcare in the New York City and Garden City area. I am an advocate for hearing care awareness, a board-certified audiologist on the medical review board for WebMD, and a consultant. I would love to be a part of the board and assist in supporting our students and faculty.*
